WIGGIN MEMORIAL LIBRARY

REPORT OF THE TRUSTEES

The trustees wish to express their thanks to Fred S. Piper of Lexington, a former resident, for his donation of "The Piper Genealogy" compiled by himself.

Several books of the non-fiction have been added in order that our list may more nearly conform with the required lists of the Exeter schools.

Again it is suggested that the patrons of the library ask for any book of especial interest to them, leaving the title either with the librarian or one of the trustees.

SCHOOL REPORT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Stratham qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March 1936, at one o'clock P. M. to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
9. To see if the District will authorize the School Board to make contracts for senior high tuitions.
10. To transact any other business that may legally come before said meeting.

Given under our hands at said Stratham this 12th day of February, 1936.

REPORT OF THE SUPERINTENDENT

To the School Board of Stratham, New Hampshire:

It give me pleasure to submit my annual report as Superintendent of Schools, the seventeenth in the series.

The statistical tables accompanying this report, more in number than usual, are designed to give a clearer and better picture of our school plant, our pupils and teachers, the way they live and work, our relations with our school neighbors and the cost of it all. Table I shows at a glance where each pupil is for whose schooling Stratham levies taxes; there are ten such pupils fewer than last year at this time, mostly in the high school grades. Table II gives the history of the Stratham schools for the year ending June 30, 1935. The same statistics for the last ten years are contained in Table III, a collection of interesting facts, such as a recent growth of twenty-four in total enrollment of pupils. Table IV records some of the same facts and other important statistics for each of the districts in our Union No. 16 for last year. Tables V and VI show the

cost of education per \$1000 of equalized valuation for Stratham and the associated districts of the Union, as well as for the districts having the lowest and highest cost in New Hampshire. Good attendance is recorded in Table VII in a new way which seems, in the long run, to be fairer to those who take pride in regular attendance. By this means credit is given for a full week of attendance wherever the week occurs in the school year.

The accomplishments of Mrs. Batchelder, our supervisor of music, and that of the four teachers, warrant a repetition of the suggestion in last year's report that we double the time devoted to music supervision. A weekly instead of a bi-weekly visit throughout the year will prevent the loss which comes from forgetting, will increase the growing pleasure which the pupils take in music and will help to ensure this pleasure for life. Rarely, of course, will one of our pupils use his music for vocational purposes. I am sure, however, that more time given to it will be justified by a happier, more useful citizenship. Mrs. Batchelder's systematic plan of visits and lesson outlines, her industry and appreciation of what is good in music and the loyal cooperation of our teachers are accomplishing much. State aid for music has hitherto not been given but a change in policy now extends aid for music as it does for other activities.

The report of Mrs. Sheehy, our school nurse, is appended to this report. It tells the story of skill, tact and conscientious service. This devotion to duty is also revealed in the appearance of our pupils. Stratham, with four of the districts in this Union, is fortunate in having Mrs. Sheehy's services.

The district is to be commended for the care which its School Board gives to the physical school plant. Your policy of gradual improvement until the best school plant is obtained is wise. The year past has been marked by

major improvements in heating, lighting and water supply. The repairs of the last four years make a long list as follows:

Inside and outside painting of all four schools, four fences rebuilt and painted, one roof reshung, all desk tops planed and refinished, three new stoves installed, all schools provided with sand tables, kindergarten tables and chairs, drinking cup cabinets provided for all schools, eight new steel movable desks and considerable new blackboard provided, two sinks built or changed in location, one well dug, one window added in the Ridge school, new shades hung in three schools, two chimney tops rebuilt or pointed. gravel placed in four yards, foundations inspected and repaired, one set of concrete steps made, additional shelves built in two ante-rooms, cleanouts cut in two chimneys, and other minor repairs finished. Playground apparatus provided by the Parent-Teacher Association should not be omitted from the list, nor should we fail to acknowledge with thanks the interest which this body takes in our schools.

Not only are our teachers skillful in their profession but their years of service in our schools have united them in a common purpose of general good and in a **method of** cooperation which is commendable. Occasional meetings of all teachers throughout the year have tended to give us a general standard for all Stratham schools. We have the large and the small school, the easy and the difficult one, more parental cooperation in some districts than in others and a varied type of pupil ability. Each teacher in her school is a capable and conscientious servant of the district. These teachers and their predecessors have started on their high school and post high school careers a **goodly** number of Stratham boys and girls. Our families are happier and richer and our citizenry is a better one because of their devotion.

Auditor.

REPORT OF SPECIAL COMMITTEE ON VALUATION REDUCTION

The committee appointed at the 1935 town meeting to investigate and report on how a reduction in valuations would affect town taxes has met and considered this question and reports as follows:

First, a ten percent reduction in valuations would reduce the amount of taxes to be raised about \$550.00 annually. \$300.00 of this would be saved on the School budget through increased state aid and the rest through a decrease in the state and county tax.

Second, inasmuch as other towns in the county are reducing valuations and more especially because a neighboring town has drastically cut valuations so that it now pays \$375.00 less state tax than we do, whereas in 1927 it paid \$79.00 more state tax than we did, we recommend that steps be taken by the Selectmen to protect the interests of our tax payers.
